This elegant line features various self-stick products including albums and DVD folios. These items are perfect for professional photographers covering special events such as weddings and other important milestones.

Self-stick albums with overlapping covers hold 20 photos. These are handcrafted pages with full easy 'peel and stick' pages and corner trim. They are made of a rich black leatherette material and are individually boxed. The **#6857M10** 5x7 albums are \$21.00 each and the **#6881M10** 8x10 albums are \$43.00 each. Both are sold in cases of 12. Neil Enterprises also carries many different square and vertical self-stick albums. All are made with leatherette material and available in different sizes, colors, and styles.

Also included in the Pro-Line series are a variety of CD/DVD folios to the presentation of discs. Prices range from \$1.50 to \$23.95 each varying by size and color. Some folios allow for placement of a picture on either the cover or inside cover.
