Instructions on how to make your photos into **luxury accessories**.

It is recommended that you store the stickers and domes away from direct sunlight and in a cool dry place.

1

Take your photos.

2

Print your photos and use the hand punch to punch out each photo.

3

Peel one side of the 3M sticker sheet and stick the adhesive side down on the product. Peel off the top layer of adhesive then place your photo on top.

4

Cover your photo with the clear dome and your product is complete!
